**Sparkling Wine +
Oregon White Wines
Willamette Valley**

2021 M. Champenoise Blanc de Blancs Sparkling Wine (\$36) This traditional method sparkling is as delightful as the 2019 vintage. On the nose Asian pear and clover honey. A hint of honey on the front palate, short bread mid-palate with a pleasant pear finish. *100% Chardonnay*

2021 Méthode Champenoise Rosé Sparkling Wine (\$36) Aroma hints of honeydew, fresh pear and bread dough. Crisp on the palate raspberry, bright red currant, light honeysuckle with essence of gumdrop spice transitions to orange blossom leaving a hint of mandarin orange at the finish.

Sparkling wines: Clements Hills nested in Lodi AVA, CA

2022 Viognier (\$26) This cool-weather fruit has a fan following and we're thrilled to have it back on the shelf. Aromas of crisp green apple and papaya lead to that wake-up citrus of ruby-red grapefruit and a light lemon curd finish. *55 cases produced. 12.6% ABV Chateau LeBeau, Laurelwood District AVA, Chehalem Mountains.*

2022 Chardonnay (\$26) Swirl to pick up the nose of light oak, melon, apple, pear, and clover honey. Full body in the mouth, chewy, light butter, hint of green apple, with a long-lasting finish. You'll find this a slightly higher acidity than a traditional Chardonnay. *88 cases produced. 12.4% ABV Scotch Church Road Vineyard, Tualatin Hills AVA*

2022 Rose of Pinot Noir (\$26) Beautifully soft pink in the glass, nose and palate greeted with apricot, plum, and caramel. Soft tannins and a balanced mouthfeel with nice minerality lead to a lingering finish. *78 cases produced. 13.4% ABV Tressler, Laurelwood District AVA, Chehalem Mountains.*

Triomphe Signature 5 Bordeaux Blend

Committed to producing a superior product the Triomphe Signature 5-Bordeaux Blend became our flagship wine and our military tribute from the time of our inception in 2014.

\$3 from every bottle sale is directed to a veteran non-profit.

As we've grown, our contributions grow.

We select specific non-profits whose mission we can get behind and provide material support to veterans.

Father-Son Winemakers:
Scott & Cameron Nelson, USMC 2005-2009

How it's made: Every year our winemakers craft a classic Bordeaux-style blend using the principal grapes of Bordeaux.

Each varietal is barrel aged for 16 months and a blend is determined based on a "better than the sum of all parts" for that year. The winning blend is barrel aged for 5 more months, then bottled and bottle-aged 14 months.

Released first to our Cellar Club in the Fall, we then release to the public on Veterans Day, marking 38 months from vine to release.

Our Pinot Noir *includes equal parts clones: Pommard, 113,115, 667,777*

Laurelwood District AVA, Chehalem Mountains

The Laurelwood District AVA, one of Oregon's newest AVAs, was approved in June 2020. Principals from Ponzi Vineyards and Dion Vineyards championed its petition. This AVA, which is nested within the Chehalem Mountains AVA, comprises more than 25 wineries and 70 vineyards. The Tressler vineyard is located at about 500 ft. elevation on the bluff on the west side of Parrett Mountain overlooking Newberg.

Scotch Church Road Vineyard,

30125 NW Scotch Church Rd, Hillsboro, OR 97124

Varietals: Chardonnay, Pinot Noir sourced for Rosé of Pinot Noir

Owner: Brad Young

Willamette Valley AVA

A large AVA of 3,438,000 acres (5372 square miles), running from Portland in the north to Eugene in the south, it includes rich alluvial soils on the valley floor, that are great for agriculture but inappropriate for high quality grape growing, and a selection of volcanic, loess and sedimentary soils on hillsides of varying mesoclimates.

Yamhill-Carlton AVA

The coarse-grained, ancient marine sediments native to the Yamhill-Carlton AVA are among the oldest soils in the Willamette Valley. These soils drain quickly, making them ideal for viticulture. Thus, the vines stop growing shoots and leaves earlier here than elsewhere, leading to more complete ripening, even in cooler growing seasons. This boutique vineyard site is 200 to 400 above sea level and is predominantly south and east facing. The vineyard is LIVE and Salm-on Safe Certified.

Yakima Valley AVA

Red Willow Vineyard, is the furthest western vineyard within the Yakima Valley AVA. Made up of four distinctive blocks, the vineyard supplies fruit to over 20 wineries across Washington and Oregon. Founded in 1971 Red Willow is one of the oldest vineyards in Washington State. Red Willow is located in the northwest corner of the Yakima Valley and on the south slopes of Ahtanum Ridge. This is also within the bounds of the Yakima Indian Reservation. Farmed by the Sauer's this is a 4th generation family farm.

Alder Ridge Vineyard

Horse Heaven Hills AVA

The Horse Heaven Hills AVA is located in south-central Washington — its southern border running 50 miles wide along the Columbia River. From the Columbia River, the AVA runs 20 miles north to the southern border of the Yakima Valley AVA. Alder Ridge Vineyard, at 1,125 acres, is one of the state's largest and most coveted vineyards. Sitting on a rolling plain atop a steep bluff above the Columbia River, its first vines were planted in 1997. The vineyard ranges in elevation from 300 to 1,000 feet above sea level. Though the site is warm, its proximity to the river brings cool winds and ambient air circulation, cutting down on the likelihood of the grapes developing rot. Alder Ridge slopes face south, and are composed of poor, sandy soil which allows excellent drainage making for low-yield, high-quality fruit.

Wahluke Slope AVA

The Wahluke Slope, named after a Native American word for “watering place,” lies totally within Grant County, WA. The area is geographically isolated, bordered by the Columbia River, Saddle Mountains, and Hanford Reach National Monument. As one of the warmest regions in the state, the Wahluke Slope is known primarily for red grape varieties, particularly Cabernet Sauvignon, Merlot, and Syrah. Wahluke Slope wines tend to be ripe and full-bodied with pure varietal fruit flavors.

StoneTree Vineyard was named after chunks of petrified wood found scattered about the nearby hills. composed of poor, sandy soil which allows excellent drainage making for low-yield, high-quality fruit.
