 - 2024-25 GHM – Gung Ho Ministries

We select specific non-profits whose mission we can get behind and provide material support to veterans.

Father-Son Winemakers: Scott & Cameron Nelson, USMC 2005-2009

How it's made: Every year our winemakers craft a classic Bordeaux-style blend using the principal grapes of Bordeaux.

Each varietal is barrel aged for 16 months and a blend is determined based on a "better than the sum of all parts" for that year. The winning blend is barrel aged for 5 more months, then bottled and bottle-aged 14 months.

Released first to our Cellar Club in the Fall, we then release to the public on Veterans Day, marking 38 months from vine to release.

Laurelwood District AVA, Chehalem Mountains

The Laurelwood District AVA, one of Oregon's newest AVAs, was approved in June 2020. Principals from Ponzi Vineyards and Dion Vineyards championed its petition. This AVA, which is nested within the Chehalem Mountains AVA, comprises more than 25 wineries and 70 vineyards. The Tressler vineyard is located at about 500 ft. elevation on the bluff on the west side of Parrett Mountain overlooking Newberg.

Willamette Valley AVA

A large AVA of 3,438,000 acres (5372 square miles), running from Portland in the north to Eugene in the south, it includes rich alluvial soils on the valley floor, that are great for agriculture but inappropriate for high quality grape growing, and a selection of volcanic, loess and sedimentary soils on hillsides of varying mesoclimates.

Yamhill-Carlton AVA

The coarse-grained, ancient marine sediments native to the Yamhill-Carlton AVA are among the oldest soils in the Willamette Valley. These soils drain quickly, making them ideal for viticulture. Thus, the vines stop growing shoots and leaves earlier here than elsewhere, leading to more complete ripening, even in cooler growing seasons. This boutique vineyard site is 200 to 400 above sea level and is predominantly south and east facing. The vineyard is LIVE and Salmon Safe Certified.
